Summary of what I learned:

I was surprised by the responses to the Uchtdorf question, I was expecting more talks from Uchtdorf, but instead it returned talks that reference what Uchtdorf has said in the past. I was a bit disappointed that the talks for the April 2024 conference were mostly from before 2024. It seems like both of my questions weren't very good for this dataset. I thought it was interesting to see what results were returned for the car question, the confidence level was low but it mostly found articles that talked about a car. It seemed like the clusters and paragraphs were pretty comparable, sometimes one did better than the other. Their results were much better than the full talks response.

For the talk section open ai found worse talks about fixing car for the talk section, but other then that it did better in that category. It was the reverse for the paragraph and cluster section. I thought it was interesting because sometimes chat and the free one returned the same talks, but the relations were very different.

=====

Question: How can I gain a testimony of Jesus Christ?

=====

Answer:

In the provided talks, Elder D. Todd Christofferson discusses the testimony of Jesus, Elder Gary E. Stevenson talks about nourishing and keeping one's testimony, and President M. Russell Ballard encourages bearing testimony of Jesus Christ more often. To gain a testimony of Jesus Christ, one can start by learning about Him, nourishing their testimony through study and prayer, and then actively sharing their testimony with others. By doing so, one can come to know and love the Savior and feel His redemptive power in their life.

=====

Question: What are some ways to deal with challenges in life and find a purpose?

=====

Answer:

In the talk "Be of Good Cheer" by President Dallin H. Oaks, it is suggested to not face the world alone and to trust in the Lord with all your heart. Additionally, it mentions that life is intended to be a challenge so that you may succeed through overcoming. Elder Alan T. Phillips, in the talk "God Knows and Loves You," mentions that knowing we are all children of God and members of His eternal family can help restore a sense of belonging and purpose when facing challenges. Additionally, in Elder Dieter F. Uchtdorf's talk "A Higher Joy," it is advised to seek diligently for

everyday moments of hope, peace, and joy, which can also help in dealing with life's challenges and finding purpose.

=====

Question: What does Elder Uchtdorf often talk about?

=====

Answer:

I'm sorry, but the provided talks do not contain specific information about what Elder Uchtdorf often talks about.

For my new solution I added a 2 cluster solution

Overall the results seemed pretty similar to the 3 cluster solution, they returned similar talks most of the time with pretty similar probabilities. There were a few outliers on the car talk but all in all, I didn't find it to be significantly better or worse.
